Careers Provider Access Procedure

Introduction

This procedure sets out the school's arrangements for managing the access of providers to the students at the school for the purpose of giving them information about the provider's education or training offer. This complies with the school's legal obligations under Section 42B of the Education Act 1997.

Student Entitlement

All Students in Years 8 -13 are entitled:

- to find out about technical education qualifications and apprenticeships opportunities, as part of a careers programme which provides information on the full range of education and training options available at each transition point
- to hear from a range of local providers about the opportunities they offer, including technical education and apprenticeships – through options events, assemblies and group discussions and taster events
- to understand how to make applications for the full range of academic and technical courses

This will also be discussed and agreed in advance of the visit with the Careers Lead or a member of their team.
